

dwani.ai

Document Analytics Platform

Accessible, Private, Open Source

dwani.ai - knowledge from curiosity

The Problem - Anna's Story

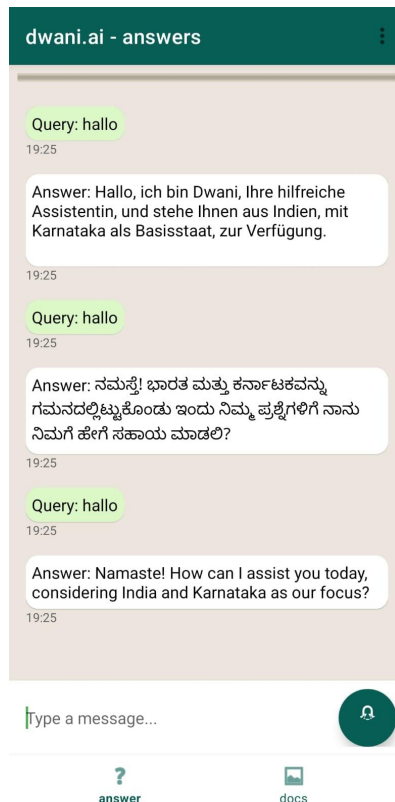

- Anna cannot use Tech
- English Only, Not Private
- **132 Million** - German Users left out
- **700 Million** - Indian Users have no access to AI
- **No Privacy** - No Access

dwani.ai's Vision

- Self-hosted, Multimodal Inference for Indian + European Languages
- Private, Accessible, Open Source
- Interact with Text, Image, Voice and Documents

The Solution

- dwani.ai can interact in
 - a. German,
 - b. English,
 - c. Kannada

dwani.ai - python-sdk + API

- pip install dwani
- Languages Supported
 - Hindi, Kannada, Malayalam, Marathi, Odia, Punjabi, Tamil, Telugu
 - English, German
- API Demo : <https://workshop.dwani.ai>

Traction and Recognition

- **Zerodha** Open Source Grant - **2300 Euro**
- **Google for Startups Program** - **25k \$** Cloud credits
- **Nvidia Inception Program**
- **Lambda Labs Startup Program** - **7500 \$** GPU credits

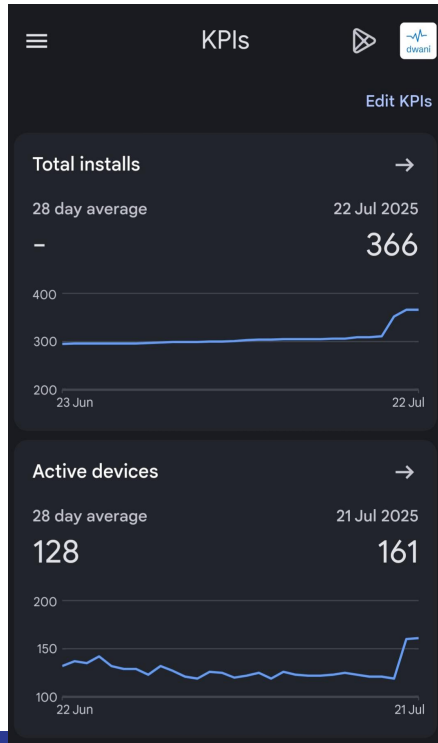

Outreach

- Berlin Hardcore AI Hackathon 2025 - Challenge Winner
- 4 Workshops in Indian Universities
- Srishti 2025 Hackathon - AI Inference provider
 - a. 23 -25 May 2025, Acharya Institute of Technology, Bengaluru, India
 - b. 104 Team : 400 students > 100 unique solutions

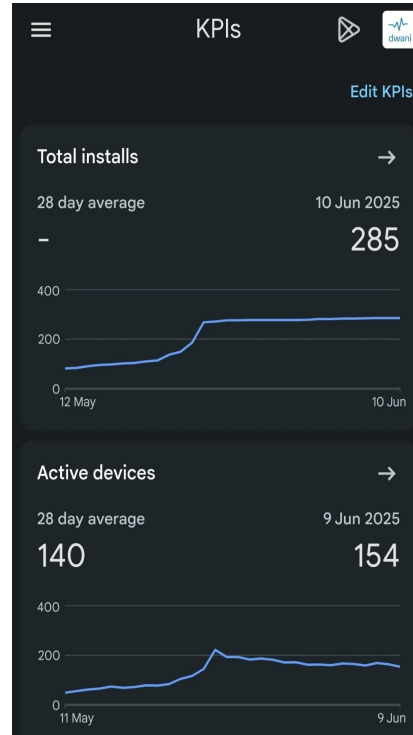

Android Mobile App Traction

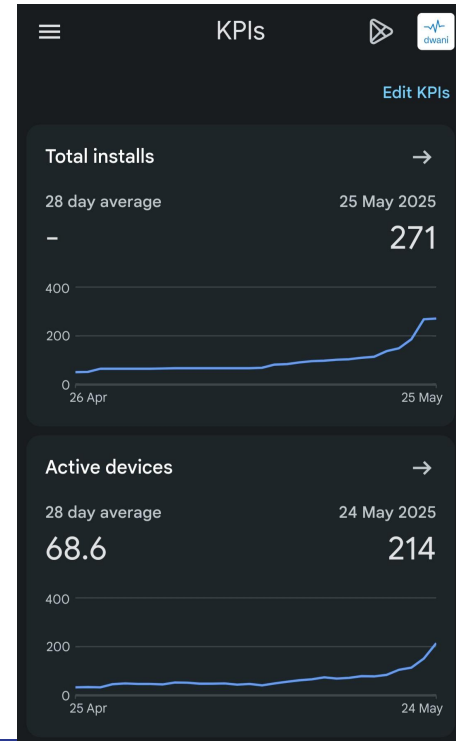

July 23, 2025

Jun 11, 2025

May 26, 2025

Financials and Monetization

- Funding Goal : 50K Euro Seed Round
 - H100 GPU = 21600 \$ / GPU / Year
- Allocation: 70% R&D, 20% Marketing, 10% Admin
- Revenue Streams:
 - Freemium : App: €5/month premium subscription
 - B2B Licensing: €10K-€50K/year per enterprise
 - API Inference

Scaling and Vision

- Year 1 : 100K German users , 1M Indian Users
- Year 3 : 1M EU users (Germany, France, Spain) , 25M Indian Users
